

PipeCut 170 Battery

- Wireless, mobile working
- Large cutting area
- Low weight
- Cuts pipes made of metal as well as pipes made of PVC

Weight	5,2 kg / 6,0 kg with battery
Range of use	15 - 170 mm
Max. pipe wall	5 mm steel 14 mm plastic
Suitable for	Steel, aluminium, copper and plastics

Part No.: 1351001

Scope of delivery

PipeCut, Carrying bag, Cermet 140 Thin saw blade, 4 x pipesupports, 2 x 18V | 5,0 Ah Li-ion Batteries, Battery charger, Instruction Manual, Hexagonal Socket 5 mm & 2 mm

Technical data

Voltage / Power	18V | 730W | 5 Ah
No-load speed	3.450 rpm
Max.Blade diameter Ø	140 mm
Mounting bore	62 mm

PipeCut 170E

- Adjustable speed
- Ideal for cutting stainless steel and ductile iron pipes
- Large cutting area
- Low weight

Weight	5,7 kg
Range of use	15 - 170 mm
Max. pipe wall	8 mm steel 14 mm plastics
Suitable for	All materials

Part No.: 1351002

Scope of delivery

PipeCut, Carrying bag, TCT 140 Saw blade, 4 x pipe supports, operating instructions, hexagon socket 5 mm & 2 mm

Technical data

Voltage / Power	220-240V | 1.100W | 5,6A
No-load speed	I=1.600, II=3.500 rpm
Max.Blade diameter Ø	140 mm
Mounting bore	62 mm

PipeCut 220E

- Adjustable speed
- Separates metal and PVC pipes
- Low weight

reddot design award winner

Weight	6 kg
Range of use	15 - 220 mm
Max. pipe wall	8 mm steel 14 mm plastics
Suitable for	All materials

Part No.: 1351003

Scope of delivery

PipeCut, Carrying bag, TCT 140 Saw blade, 4 x pipe supports, operating instructions, hexagon socket 5 mm & 2 mm

Technical data

Voltage / Power	220-240V | 1.100W | 5,6A
No-load speed	I=1.600, II=3.500 rpm
Max.Blade diameter Ø	140 mm
Mounting bore	62 mm
